740 Kipps Lane, London, ON | (519) 702-2902 | raiparasmani1@gmail.com | [LinkedIn](#) | [GitHub](#)

Profile

Proactive and detail-oriented Junior Web and Mobile Developer with hands-on experience in building cross-platform applications using React Native, Laravel, Vue, and Firebase. Strong foundation in both frontend and backend technologies, with a passion for creating intuitive user interfaces and scalable systems. Skilled in agile development, collaborative teamwork, and delivering maintainable, optimized solutions.

Professional Experience

JUNIOR WEB DEVELOPER

Kyanite Software, Nepal | Aug 2023 – Mar 2024

- Developed and optimized '**Futsal Nepal**', a high-performance web app using Laravel, Vue.js, and React, improving user engagement by 30%.
- Integrated **MySQL** for efficient data handling; optimized queries to enhance performance.
- Collaborated with cross-functional teams, introducing automation tools that boosted productivity by 15%.
- Customized **WordPress** components for content management with seamless Laravel integration.
- Gained hands-on experience in RESTful API integrations, authentication, and MVC architecture.
- Practiced Agile methodologies: contributed to sprints, code reviews, and feature rollouts.

IT SUPPORT INTERN

Itahari International College, Nepal | April 2021 – Sep 2021

- Delivered Tier-1 support during **IIC Industrial Fair 2021**, resolving 85% of tech issues within 24 hours.
- Managed user accounts and onboarding processes for secure access.
- Configured routers and LAN setups, improving network performance using subnetting and VLANs.
- Documented incidents to support proactive monitoring and smoother troubleshooting.

WEB DEVELOPER INTERN

Eratech Nepal Pvt. Ltd. , Nepal | August 2021 – October 2021

- Contributed to the development of a **Laravel-based e-commerce platform**, implementing features like product listings, user registration, and shopping cart functionality.
- Collaborated with the development team remotely to troubleshoot backend logic, optimize database queries, and ensure secure authentication and routing.
- Participated in UI enhancements using **Blade templates** and ensured mobile responsiveness and clean layout using **Bootstrap** and **CSS**.

Technical Skills

- **Languages:** JavaScript, PHP, Java, Python, SQL

- **Frameworks/Libraries:** React Native, React, Vue.js, Laravel
- **Tools & Platforms:** Firebase, Android Studio, Xcode, WordPress
- **Database:** MySQL
- **Concepts:** UI/UX, RESTful APIs, MVC Architecture, Agile, Authentication
- **Networking:** Subnetting, VLANs, LAN/WAN
- **Others:** Windows Server, Active Directory, Troubleshooting

Education

POST-GRADUATE CERTIFICATE – MOBILE APPLICATION DEVELOPMENT

Fanshawe College, London, ON | May 2024 – April 2025

BACHELOR IN INFORMATION TECHNOLOGY

Itahari International College, Nepal | 2019 - 2022

Projects

Easy Cart – Shopping mobile app

Kotlin, Android Studio

- Built a cross-platform shopping assistant with features like list sorting, PDF export, undo actions, and favorites tagging.
- Focused on user experience with a tutorial, in-app notifications, trash recovery, and intuitive design.

Web print – Social Media Data Visualization Tool

Django, React, Pandas, Matplotlib, Python

- Created a full-stack app to analyze and visualize social media data from uploaded JSON files.
- Implemented follower growth and Facebook friends' analysis using Pandas and Matplotlib visualizations.
- Designed a modular UI in React and handled backend processing and file uploads securely in Django.

myStay – Homestay booking website

Laravel, MySQL, JavaScript, HTML/CSS, Bootstrap

- Developed a responsive booking platform with secure user authentication and advanced search features.
- Built dashboards for homestay owners and admins to manage listings, bookings, and platform data.
- Integrated real-time availability checks and ensured full mobile responsiveness with a clean UI.
